

Kay's Creek Corridor

Description: The corridor along Kay's Creek offers a unique open space amenity in the heart of Layton. The project will preserve a riparian area with trees, meadows and wetland. It consists of several parcels along Kay's Creek. Public access will be provided by a trail running through the area.

Location: This project is along the North Fork of Kay's Creek, Layton City

Acreage: 30 acres

Grant funding: \$150,000

Total Project Cost: \$300,000

Grant Awarded: December 2000

Partners: Layton City

Conservation Easement Held by:
Utah Division of Parks and Recreation

Local Support: Mayor Stevenson of Layton, Rep. Kevin Garn, Rep. Blake Chard, Sen. Dave Steele, Layton City

Public Benefits

Viewshed/Scenic Quality: This corridor consists of riparian areas with trees, meadows and cattail wetland areas with a variety of wildlife throughout the site and surrounding area.

Wildlife Habitat: These parcels contain riparian, wetland, upland and meadow areas that are home to deer, fox, skunk, grouse, and a large variety of riparian birds.

Recreation: This project is a portion of a city wide public pedestrian and non-motorized trail system. The corridor is intended to be utilized by the public for recreational hiking and biking and access to the wooded and meadow areas along the North fork of Kay's Creek.
